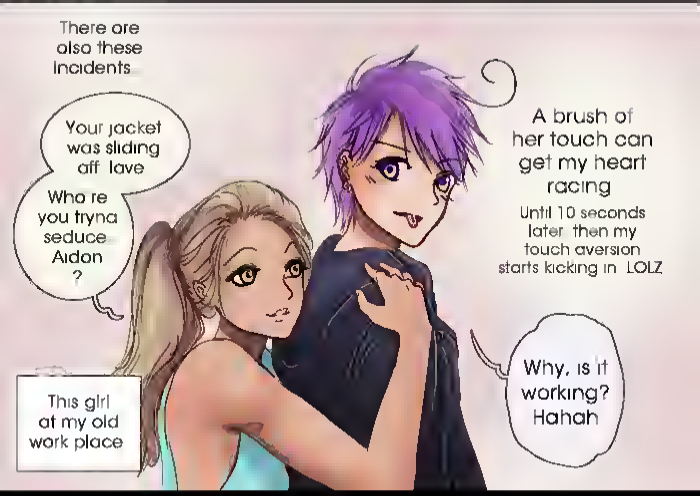
the thought of a girl.

However,
A relationship with a girl goes
hand in hand with...

*SOB*
I'm on INSECURE MESS
I'm hormonal, ANGRY, sad, depressed, happy, all at once
APPEASE ME. CONSOLE ME. NO, let me slap the shiet outta you. Na, I mean, cuddle me.
Let me educate you on feels!
I texted, called, FB ed, webtoon ed you, why are you ignoring me??
SO PETRIFIED...
Yep. Definitely having a raging de-rection right now...

I really like how girls make me feel 'masculine'



There are also these incidents
Your jacket was sliding off love
Who re you tryna seduce Aidon ?
This girl at my old work place
A brush of her touch can get my heart racing
Until 10 seconds later then my touch aversion starts kicking in LOLZ
Why, is it working? Hahah

with her ass—ets. Assets bouncing.>>>

*and the hoard of men went wild in the comment section*

Oh, gawd That's vulgar... lol

'BOUNCE' 'BOUNCE'

What's so appealing about a bouncing slab of meat?

Things like that don't do much for me. But moments like these...

When the gentle scent of her shampoo or lotion lingers in the air

Or ...

Go to sleep That's an order.

Sometimes, I'd wonder...

lol Yeahh. I do like girls. But I probably won't date one out of my own volition.
If it happens, it happens. If it doesn't, I won't go seeking for it.
(Funny tomboys like Amber Liu is sexy too
Would definitely seek out to date girls like her)

SNAILORDS

**DISCLAIMER**

Yes, you're right. Not every girl is cray-cray and hormonal that's just my personal encounters with the croy-croy ones. lol.
No, I have zero problem with girls embracing their sexuality. If twerking does it, you do you. No slut-shaming here.
And if you find sexually explicit images arousing, you do you. No slut-shaming here, again. LOLZ
And yes, no snail necklace. Gave it away to an Angler/reader recently. I feel naked.
